MEMORANDUM FOR Mr. Steve Fox, U.S. IBWC, Environmental Management Division, 4171 N. Mesa Street, El Paso, TX 79912

SUBJECT: Cultural Resources Investigation and Native American Coordination, Lower Colorado River Project.

1. A Draft of *A Cultural Resources Overview of the International Boundary Segment of the Lower Colorado River, Yuma County, Arizona* is enclosed for your review and comments. This draft is also being transmitted to BIA (Bill Pyott), Cocopah (Sherry Cordova, Tribal Chair), and SHPO for comments.
2. Please provide comments to me by 1 November 1999.
3. Also enclosed is a list of the Native American Tribes and Groups which should be consulted about the project.
4. Regarding letters to Native Americans, I recommend sending a complete description of the project, and asking for comments only. It is not necessary to go into Traditional Cultural Properties, cultural sites, religious sites with them. If there is such a site within the project area which might be impacted they will let us know.
5. Please let me know if the letters are to be sent by COE or IBWC, and under which letterhead.
6. Please send comments to:  
Los Angeles District  
Army Corps of Engineers  
P.O. Box 532711  
ATT: CESPL-PD-RL (Maxwell)  
Los Angeles, CA 90053-2325  
Phone: (213) 452-3877  
FAX: (213) 452-4204  
e-mail: pmaxwell@spl.usace.army.mil
7. I look forward to hearing from you.

MEMORANDUM FOR Mr. James Garrison, State Historic Preservation Officer, 1300 W. Washington, Phoenix, AZ 85007.

SUBJECT: IBWC International Boundary Segment of the Lower Colorado River.

1. The enclosed letter was sent to your office 9/15/99 with a copy of a draft of *A Cultural Resources Overview of the International Boundary Segment of the Lower Colorado River, Yuma County, Arizona* for your review and comment.
2. Also enclosed with that letter was a list of Native American Tribes and Groups compiled by the Corps for notification and requests for comment can be sent.
3. As we did not receive comment, and your office indicates they did not receive the initial package, please consider this submittal initiation of the Section 106 process.
4. Any questions regarding the project may be referred to Pamela Maxwell, staff archeologist, at (213) 452-3877.

Mr. James Garrison  
State Historic Preservation Officer  
1300 W. Washington  
Phoenix, AZ 85007

Dear Mr. Garrison:

Please initiate Section 106 consultation with the United States Section, International Boundary and Water Commission (USIBWC), through Ms. Pamela Maxwell, Staff Archaeologist, U.S. Army Corps of Engineers, Los Angeles District for the Section 106 processes on the proposed undertaking described in the report entitled "A Cultural Resources Overview of the International Boundary Segment of the Lower Colorado River, Yuma, County, Arizona." The report was provided to you on September 15, 1999 by the USIBWC's delegated point of contact Ms. Maxwell for the USIBWC. Conduct the consultation with Ms. Maxwell, whose address is shown below, and please send a courtesy copy of all correspondence to Mr. Steve Fox, Environmental Protection Specialist, at the address shown on this letterhead.

Should you have questions, please contact me at (915) 832-4740, or contact Mr. Fox at (915) 832-4736.

Sincerely,

Sylvia A. Waggoner  
Division Engineer  
Environmental Management Division

RE: Channel Capacity Restoration Project; IBWC  
SHPO-2000-637 (7784)

Dear Ms. Waggoner:

Thank you for consulting with our office about the Morelos Dam channel capacity restoration project near the U.S.-Mexico international border in Yuma County, AZ, and for providing copies of the supporting cultural resources overview and the restoration plans. William Collins, Historian and Deputy State Historic Preservation Officer and I have reviewed the documentation submitted. We regret the amount of time taken for review and appreciate your willingness to consider our comments.

Based on the historic context of water-use patterns within the Lower Colorado River Region identified in the study (p. 77), it is our opinion that the Morelos Dam would be eligible for inclusion on the National Register of Historic Places.

Pamela Maxwell (USACE) informed us that as of October 15, 2001, no tribes have responded regarding the presence of traditional cultural places within the area of potential effects.

The description of the proposed restoration project appears to meet Secretary of Interior Standards; therefore, we believe a finding of No Adverse Effect is warranted for the project.

We appreciate your continued cooperation with our office in considering the potential effects of federal undertakings. If you have any questions or concerns, please contact Dr. Collins at (602) 542-7159 or me at (602) 542-7142.

Sincerely,

Jo Anne Miller  
Compliance Specialist/Archaeologist  
State Historic Preservation Office
